Dear Mike,

Thank you for exceeding expectations. Not only were you knowledgeable and experienced, but also I appreciated your integrity and caring personality.

From the first moment onward, you proved to be someone I could depend on and trust. Being new to San Diego, I was weary about finding a broker that would meet all of my needs. These fears are now a distant memory.

Mike, you have truly made a great, positive impact upon my first year in San Diego and I look forward to continuing to work with you. I definitely will not hesitate to recommend you to someone looking for excellence.

Best regards,
